

TRANSTAR HYBRID BATTERY PROGRAM

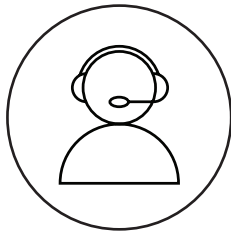

EMPOWERING SHOPS TO CAPTURE BUSINESS FROM THE GROWING HYBRID VEHICLE MARKET!

Our remanufactured hybrid drive batteries enables your shop to service hybrid vehicles rather than refer business to local dealerships. Covering a broad range of the most popular models on the road, these batteries arrive as a plug-and-play replacement that are ready to be installed without additional programming.

Program Highlights:

- » 16 part numbers provides full coverage throughout the marketplace.
- » Excellent warranty coverage at 12 month, unlimited mileage.
- » Hybrid batteries are tested 100% in vehicles on a chassis dyno.
- » Drop ship availability.
- » Pricing includes both forward and reverse core logistics for drop-ship orders.
